

Come, Join Our Team!

Canada | United States | Europe

Thank you for your interest in a Helical Pier Systems Ltd., (HPS), dealership. HPS is one of the first companies to manufacture round shaft helical products. You can rely on our name as it is well known and trusted in the industry. The tradition of delivering quality products and service started in 1977 and continuous throughout Canada, the USA and Europe.

When you become a HPS team member you will take pride and comfort knowing that the HPS team offers the finest training and technical support in the industry, not only to you, but the customers.

We will provide certified training for all types of new construction and foundation repair installation; our network of certified installers are continuously sharing information and knowledge and helping other team members.

Investing in the HPS piling system will provide you with the opportunity to increase your business and profitability.

Grow with our team, the possibilities are limitless.
